GOT LUNCH! PLYMOUTH

FEEDING PLYMOUTH'S CHILDREN

A HEALTHY SUMMER LUNCH PROGRAM

GOT LUNCH! is a Plymouth area program free to all area school children, providing healthy lunches during the weeks when school is not in session. We estimate that 175 children ages 5-18 would benefit from nutritious lunches during the summer when the schools' food service is not available.

We are inviting agencies, individuals, religious institutions and businesses to assist in this program. We all have heard for far too long that we have children in our community who are not getting the nutrition they need, or that is recommended for healthy living. You can help today!

Donate Now

We estimate the cost of feeding one child to be $17 a week—extending that out to the the total cost per child for the summer is $170.

Please consider the following options of feeding Plymouth's children a healthy lunch.

☐ I will sponsor ___children for the summer @ $170 per child Total donation $_____

☐ Donation of $_____

☐ Project Volunteer (☐packing or ☐delivery) Choose one or more
